MATERIAL APRIL S. SES.

## ARRAY AND EVE.

New Emplant seed and form inplement dealers say farmers are investing group from regetable raising in grain, due to acute labor at untion; grain roups can be handled with machinery white garden pro-

To the would a large part of estten grap word unpitted for lack of labor and accumula report a 20 per

Farmers in the next tail the same sharp and experienced help in mentorn mental rations in becoming parcer and scareer and effecting per man has greatly decreased.

sh other wor'ts common paper, the paper that does the rult of the real hard well at the ration and especialty the work that leads to reduce the cost of living, has almost reached the more point in this country.

The world bulky is exactly the same as in the days of Adam ans. Eve and the problems of the people are the same—they must live and they must eat.

In the old days if fixed supplies gid scares Adam and Eve simply had to work incider and produce

The world is facing this are old problem today. Never before was the country as prosperma and never telepts for industrial expansion and artivity, but over them in the critical in passing the forestellar for the cloud of curtained production per tan power and a reduced farm

Powerful regardations can short on the working day, curtail producling and increase wages to the breaking point, but this program

Instead of a lowered cost of living we will see it mercase under relaced acrosse and dissinished

Socialistic achemes for dividing as property, handton measures to configurate blured smallh and the torshovik and L. W. W. program for destruction are simply communing accommissed resources and hastoning the day when production will be a matter of numerity, not of

Our problem is the same as the of Adams and Eve, we must problem or eventually starte.

## AIDS STOCK GROWING

Ten deligra a ten joss for dey so car puip is consciented a good in vectors by the Gress Western Stour company, for the sake of stack growing and fertilization of the sale of the company to setting pulps the farmer as feed for calife a good of the sale and the sale of t

The same company ten too press a philosotheropea in the matter, however, because it goneldors that in the interest of a permanent industry, the sacrifices of \$16 a too move way mean prolessed of the act of the party in prices. Corn may average should \$10 a too, and the optivation of point to down in about 70 per cent. But this is the minor because in the party of the property of the property of the property of the property of the period of points in the minor because in company provided the production of the minor of the production of the lines of production by the best farmer for coordinate vinety raising with best authorises, but the latence and the rooms company will provide the production.

## CECIL B. DEMILLE'S

Production of

FAALE
AND
EMALE
AT
THE

ONYX THEATRE

Saturday and Sunday April 10 and 11

This is the most stupendous and magnificent spectacle ever shown in Columbus. It outranks "Intolerance," "Birth of a Nation" or the "Miracle Man."
